Fiji and Tonga

◆ ◆ 110 Were Filled With the Spirit in This Year's Visit to Fiji and Tonga ◆ ◆

Katea Ulaki, sent home to die with pulmonary hypertension, needed a heart transplant and a lung transplant. Virtually bed-fast for two years, Katea was healed and now can care for her four children in Tonga.

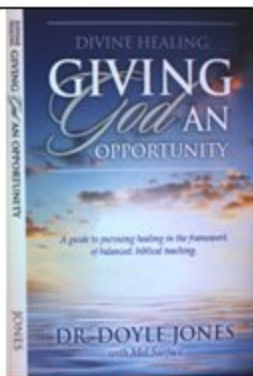

Lokeh Vaoah had nerve damage in his mouth from three teeth extractions. He came to the U.S. for surgery, but afterwards, in spite of injections every 3 weeks which cost \$400 each (he had ten of them), he was no better. God totally healed him.

◆ ◆ Scores Were Healed Including the Two Individuals Above ◆ ◆

Randy & Renee Carlson

Dr. Jones was privileged to work again with Missionaries Randy and Renee Carlson. After reading Dr. Jones' book on healing, Rev. Carlson had this to say: *"I just read Doyle Jones' book Divine Healing: Giving God an Opportunity during a week long ministry of his in Tonga. . . As I came to the end of chapter seven where he speaks of believing God for His glory, I had to put the book down and worship. So many write books and here and there I begin to see their book and their lives are two different things. What I have observed is firsthand. In Doyle I see an intense commitment to ministry. . . (and one who) truly lives what he preaches. Every time he comes (to Tonga), he does us a world of good . . . with many filled with the spirit (and) many healed."*

Dr. Jones' book has already blessed many who are seeking healing.

Lloyd Thurman, former student of Dr. Jones, and new board member of DJM, accompanied Dr. Jones to Fiji and Tonga.

Please pray for Doyle and Cherie as they go to Panama to start a church this summer. Finances are greatly needed.

Doyle and Cherie Jones, PO Box 182, Waxahatchie, TX 75168
